**THE MAJ. EVAN THOMAS.**  
 NEW ARMY TENDER LAUNCHED.  
 (BY THE ASSOCIATED PRESS.—P.M.)  
 SEATTLE, July 13.—With appropriate  
 ceremonies, the new United States  
 army tender, Maj. Evan Thomas, was  
 launched at Ballard yesterday.  
 The vessel was christened by six-year-old  
 Natalie Fisher, granddaughter of Maj.  
 Evan Thomas, who was killed in a battle  
 with the Indians thirty-one years ago.  
 Many army officers and ladies attended  
 the ceremonies, which were  
 conducted by Capt. P. A. Grant. The  
 new boat, which is to be used by the  
 artillery corps in the Puget Sound district,  
 is 120 feet long, 22 feet beam and  
 of 400 horse power.

**DIDN'T TAKE SOUNDINGS.**  
 CAPT. ALBERTS SUSPENDED.  
 (BY THE ASSOCIATED PRESS.—P.M.)  
 SAN FRANCISCO, July 13.—Capt.  
 John B. Alberts, United States  
 supervising inspector for the first district,  
 gave a decision today, refusing  
 to take soundings of the matter of the  
 appeal of Capt. Alberts, master of the  
 Santa Cruz, which struck a reef off  
 Whidbey Island May 8, 1904, while  
 running at full speed through the fog.  
 Capt. Alberts had been suspended for  
 six days for proceeding on his course  
 without taking soundings after warning  
 signals had been heard.

**INSANE MAN BREAKS JAIL.**  
 TAKES FURNITURE WITH HIM.  
 (BY THE ASSOCIATED PRESS.—P.M.)  
 SALINAS, July 12.—James Paulsen,  
 an insane man with homicidal tendencies,  
 was arrested at Salinas yesterday  
 and brought to the county jail.  
 The officers went to bring him before  
 the insanity commissioners, but he  
 broke out of the cell, wrenched a leg of  
 the iron cot and with it had battered off  
 the locks from the cell door and jail exit  
 to the street, making his escape.  
 Paulsen, who is a very large man,  
 took the iron leg with him and it is  
 feared he will kill someone before being  
 recaptured.

**LOCATE VALUABLE WRECK.**  
 THE ISLANDER MAY BE RAISED.  
 (BY THE ASSOCIATED PRESS.—P.M.)  
 PORT TOWNSEND (Wash.) July 13.—  
 Advice has been received from  
 Alaska to the effect that the Finch  
 wrecking company has, after three  
 unsuccessful attempts, succeeded in  
 locating the wreck of the British  
 steamer Islander, which sank in Lynn  
 Canal four years ago while returning  
 from Skagway to Seattle with a large  
 number of Klondikers and much treasure.  
 The information was brought by  
 passengers on the steamer Seattle,  
 who say that the divers assert that no  
 rock exists in the vicinity of the  
 wreck and that beyond doubt the vessel  
 must have been driven through a collision  
 with a submerged iceberg.  
 Arrangements are progressing to  
 raise the wreck, and it is expected  
 will amply reimburse Capt. Finch for  
 his efforts, as over \$200,000 in gold dust  
 is known to have been in the treasure  
 safe when the accident occurred.

**PICNICKERS SLAUGHTERED.**  
 Twenty-two People Killed in Collision Near Chicago.  
**Happy Day Comes to Sad End for Many People.**  
 (BY THE ASSOCIATED PRESS.—P.M.)  
 CHICAGO, July 13.—Twenty-two people  
 were killed and sixty-eight injured  
 tonight in a collision on the Chicago and  
 Eastern Illinois Railroad at Glenwood,  
 twenty-three miles south of this city.  
 The collision occurred between a picnic  
 train from this city which was returning  
 from Momence, Ill., and a  
 freight train, into the rear end of which  
 it dashed at a high rate of speed.  
 The picnic train was on the right-hand  
 track coming north and the freight  
 was on the left track. A misplaced  
 switch threw the picnic train  
 over on the left track and before the  
 engineer could apply the brakes, it  
 ran at forty miles an hour into the  
 rear of the freight.

**More Chinese Ports Opened.**  
 SAN FRANCISCO, July 13.—The collection  
 of customs at this port for the month  
 of June was \$1,000,000, a record for

 possible by the opening of the ports of  
 the Chinese ports of Shanghai, Canton,  
 Hankow, and others, which are now  
 open to the commerce of the world.

 indifferent, broke down and wept.

 near Martinez, as a site for its works.  
 The site will be located on the newly

 of Louise Kaufman, who shot herself  
 in her brother's home at San Jose

 ASTORIA (Or.) July 13.—A mass  
 meeting of over three hundred  
 resident fishmen was held here today  
 for the purpose of devising means  
 to prevent non-resident gill netters

*Socialist Debs Pours Hot Shot Into Bryan—Says the Latter Proves Himself a Political Degenerate. Boston Herald's "Conservatism."*

[BY DIRECT WIRE TO THE TIMES.]

TERRE HAUTE (Ind.) July 13.—[Exclusive Dispatch.] Said Eugene V. Debs, the Socialist candidate for President, today: "Six weeks ago, William J. Bryan publicly stated that no self-respecting Democrat would support Judge Parker, the tool of the trusts, and the money power. Mr. Bryan is now supporting him, and in so doing is proving a political degenerate." Debs says that Bryan will find it a difficult task to explain his position before the people in the campaign. The Socialist candidate charges that Henry G. Davis, Democratic candidate for Vice-President, inspired the action of Judge Jackson of the United States Court of West Virginia, by which he and others leading in the miners' strike in 1927, were enjoined against walking the highways. He said that Davis does not permit his employees to belong to a trade union.

THE BOSTON HERALD.

[BY DIRECT WIRE TO THE TIMES.] BOSTON (Mass.) July 13.—[Exclusive Dispatch.] Under the caption, "The First Bolt," the Boston Herald (Independent Democrat) prints the following editorial:

"The defection of the Chicago Chronicle, the most important conservative Democratic paper in the Northwest, is the most significant political event since the close of the St. Louis convention. The Chronicle definitely abandons the Democratic party, and henceforth will give its support to the Republican party. It does this because it holds it to be evident that the Democratic party is not, in fact, weaned from Bryanism and Populism; that, more, Bryan was its actual dominating force, and that the 700 nominal conservative majority played the part of cowards and betrayers of genuine Democracy, to conciliate the demagogue who had done everything in his power to merit the contempt of their candidate and prevent his selection."

CALLS PARKER "A BLANK."

"It calls Parker 'a blank,' and retires from the party and allies itself with the Republicans. This shows what one conservative Democrat thinks of the outcome at St. Louis. Its disgust is at the spectacle of a party which did not dare to divide on a fundamental issue, which did not defy Bryan, as Bryan, when he had a majority, always defied it; which appeared to be more concerned to carry the election than to stand firm for its professed principles."

NOT EVEN A GHOST.

## HOW HILL PLANNED PARKER'S NOMINATION.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, July 13.—[Exclusive Dispatch.] The friends of Judge Parker are making every effort to heal the differences between the Democratic factions of the city and country, headed by Charles F. Murphy and David B. Hill, respectively, by doing nothing to indicate anything beyond superficial success. Louis Wiley, one of the most prominent gold Democrats of New York City, gave it out tonight that, in the event of Parker's election to the Presidency, Hill had no ambition to become a State and national Democratic boss.

"Mr. Hill would probably decline any appointive office should Judge Parker be elected to the Presidency," said Wiley tonight. Should the Legislature go Democratic, however, Mr. Hill would in all probability become an active candidate to succeed Senator Dewey."

MURPHY AGAINST PARKER.

Wiley asserted that Leader Murphy of Tammany Hall had opposed Parker's nomination consistently for over two years. Parker's nomination was made possible by the efforts of Hill and McCarran, the Democratic boss of Kings county, (Brooklyn). McCarran betrayed Murphy on the promise of recognition by Hill and the State machine, the result of Democratic success next November.

NEW YORK THE DICTATOR.

"New York has been the dictator of the Democratic position from the very beginning," said Wiley. "The southern delegates made it clear to the New York leaders that they were anxious to follow any lead that would bring New York back into the fold and give the Democrats a chance to win. Then Hill and Murphy began the battle for nomination at St. Louis. No one, however, would have been surprised if Hill had returned to the United States Senate from this State."

SPENT BELMONT'S MONEY.

"Hill secured his influence with the southern delegates through Thomas Taggart, the Democratic national committeeman from Indiana. Taggart is one of the greatest politicians in the country. Belmont was quietly taken into the deal, and furnished the money for the 2-year campaign, up to his nomination at St. Louis. No one, however, would have been surprised if Hill had returned to the United States Senate from this State."

HILL MADE PARKER.

"Mr. Hill has known Judge Parker for the past thirty years, and was instrumental in interesting him in politics. Through Mr. Hill's efforts, Judge Parker was appointed Judge of the Supreme Court, and later he (Hill) procured Parker's nomination for Chief Justice of the United States."

HILL IN A POSITION TO DEMAND MUCH.

"Hill is in a position to demand much if Judge Parker should be elected, but in the opinion of Mr. Hill, the only ambition he has is to secure the return of Democratic rule and to be returned to the United States Senate from this State."

IN SPITE OF WILEY'S STATEMENTS.

Tammany Hall cannot be made to believe for a single moment that David B. Hill, the greatest politician in the country, is a man who can be tempted by his enemies, who are legion, was ever actuated by anything but a sincere self-interest. The truth is, Hill's championship of Parker threatens the Democratic ticket with disaster right here in New York City. Tammany, no outwardly professing "regularity," but nothing will appease the Tiger but to be allowed to manage McClellan for Governor and assurances from Parker of the most rigid nature that to Tammany must come rewards in the event that the entire unexpected happens."

HILL TOO BUSY.

[BY THE ASSOCIATED PRESS—P.M.]

ESOPUS, July 13.—Parker received a letter today from former Senator Hill, in which he expressed his regret that he cannot visit the Judge now, owing to press of business.

Parker admitted this afternoon that he had not heard from Bryan. He said that Bryan had been in the city, but he would not comment upon it. He has not heard

from Charles F. Murphy, leader of Tammany Hall.

When the possibility of a joint notification ceremony of both himself and Davis as candidates respectively for President and Vice-President was suggested to Parker, tonight, the idea appeared to interest him, but he said that no such plan had as yet been broached, so far as he knew.

Today was quiet and uneventful. Tomorrow evening, citizens of Kingston and vicinity, irrespective of party, are to visit Rosemont and pay their respects to the Democratic candidate. A special train has been arranged for, and there will be speeches, music and fireworks. Parker is himself expected to be in Kingston on the Ninth Ward of Kingston, being registered from the residence of his son-in-law, Rev. Charles M. Hall. That district is the only one in that ward regarded as normally Democratic.

Immediate increase in the price of meat  
in this city as a result of the packing-  
house men's strike, if at all. In spite  
of this, there was a small advance to-  
day at retail shops.

Two of the local packing-houses least  
affected by the recent flood have sup-  
plied the local trade for a month. One  
of these houses, which bought liberally  
at the stock yards today, is killing on  
a limited scale, and will attempt to  
supply certain outside trade also. The  
four other plants have supplies that will  
last the local trade two or three days.

**NEW YORK FEARS FAMINE.**  
(BY THE ASSOCIATED PRESS—A.M.)  
NEW YORK, July 13.—A meat fam-  
ine is possible here within a few days  
if the widespread strike of the butch-  
ers' union continues. There is a large  
amount of meat on hand in the city,  
but as 25,000 members of the union have  
been ordered to quit work today, there  
will be no one to cut up the supply.  
"Roughly speaking," said a pro-  
prietor of a leading firm, "I should say  
New York has about one week's sup-  
ply. By this I mean a normal week's  
supply. Of course, if the strike means  
a cut off for an indefinite period, the  
stock on hand might be stretched out  
and made to do for two weeks or  
more. Practically all of our beef  
comes from Chicago and other  
points affected by the strike, and the  
cutting off of this supply means a  
famine if the trouble continues. Even  
if the strike does not last more than  
two or three days we shall feel its ef-  
fects more or less. If it lasts much  
longer time we shall simply have to  
stop eating beef."

The strike has already caused an ad-  
vance of 1 cent a pound in the whole-  
sale price of beef here, while retailers  
generally have increased their de-  
mands. The employers in this city  
claim they will make an effort to get  
other men to take the places of the  
strikers.

The leaders and officers of the Amal-  
gamated Meat Cutters and Butchers'  
Union of America, several thousand of  
whose members went on strike today,  
are in conference at the union head-  
quarters. It is reported that a plan  
for the arbitration of the wage dis-  
cussions, which caused the strike, is un-  
der discussion.

When the hour for opening the big  
meat-packing plants in this city had  
arrived the strike of butchers and  
meat handlers, inaugurated in the  
West yesterday, was on in this city,  
and before many hours it was esti-  
mated that nearly 500 men had quit  
work. The men that went out were  
the butchers, packers, carriers and  
cutters, members of the Amalgamated  
Meat Cutters and Butcher Workers' Union  
of America.

**MADE NO DEMONSTRATION.**  
The men made no demonstration.  
From the managers of the beef plants  
it was learned that the beef supply is  
very low, some of the dealers having  
only enough to last fifteen minutes  
when the daily purchases arrived.  
Within a few hours the price of  
beef had gone up 2 and 3 cents a  
pound, with indications of advance  
further in another few hours. None  
of the dealers had a supply sufficient  
to last longer than a week, and it is  
the opinion among the meat men that  
if the strike continues a meat famine  
is inevitable.

There is a possibility of a sym-  
pathetic strike of the benchmark's as-  
sociation. These men represent the cut-  
ters in retail stores, and such a step  
would completely tie up the retail  
trade and directly affect families.

The strike has also affected the local  
abattoirs, and all work at eastern  
slaughterhouses is at a standstill. Homer D. Call, na-  
tional secretary of the Amalgamated  
Meat Cutters and Butcher Workers' Union,  
will take charge of the strike in this  
city.

The seriousness of the situation  
from the employers' standpoint was  
shown in a statement issued by the  
manager of Swift & Co. He said:  
"We have not advanced the price of  
anything for the simple reason that the  
strike in the packing-houses in the West  
hasn't anything to advance the price on.  
I am willing to pay 14 cents a pound  
for a carcass of beef if I can  
get it, but I cannot get it."

One of the managers for Armour &  
Co. said: "We have a good deal of  
meat on hand at present, and are sup-  
plied for two weeks. I don't know  
how long the strike is likely to last,  
but a meat famine will inevitably re-  
sult if the differences are not settled  
quickly; that is, within two weeks."

**OUTLOOK AT DENVER.**  
(BY THE ASSOCIATED PRESS—A.M.)  
DENVER (Colo.) July 13.—While  
prices of meats may be advanced here  
in consequence of the strike at eastern  
packing-houses, no shortage in the sup-  
ply is anticipated, as local packing-  
houses can meet the demand. There  
are 700 men employed at the Denver  
packing-houses, but they are not affil-  
iated with the Amalgamated Meat Cut-  
ters and Butchers' Union.

"According to the outlook now, I  
scarcely think Denver packers will be  
affected in any way by the strike, other  
than receiving lower business," said  
Henry Gebhard, president of the Colo-  
rado Packing and Provision Company.  
In his opinion, the trouble will last  
but a short time. I am almost certain  
there will be no marked advance in  
prices at this end of the line."

**HIRING MEN IN BINGHAMPTON.**  
(BY THE ASSOCIATED PRESS—A.M.)  
BINGHAMPTON (N. Y.) July 13.—  
The local officers of the leading meat  
companies have received word to hire  
men in this city to fill the places of  
the striking employees of the packing-  
houses in Chicago and other cities.  
At the offices of Armour & Co.  
it was announced today that they  
would hire 2500 men at once, and that  
they stated that they would pay from  
\$2.50 to \$3 per day for the work.

**AT SIOUX CITY.**  
(BY THE ASSOCIATED PRESS—A.M.)  
SIOUX CITY (Iowa) July 13.—The  
Cudahy packing plant will begin hir-  
ing non-union men tomorrow to take  
the places of the strikers. Killing op-  
erations were at a standstill today.  
The Cudahy plant will not resume  
caring for the meat on hand. The  
office force assisted in the work. There  
is no immediate danger of a meat  
famine here. There has been no vio-  
lence.

**SAN FRANCISCO UNAFFECTED.**  
(BY THE ASSOCIATED PRESS—A.M.)  
SAN FRANCISCO, July 13.—The  
strike of eastern packing-house em-  
ployees will not affect the price of  
meats here, unless it should be  
of long duration, the supply on hand  
being considered equal to the demand  
for a year. The strike is not expect-

#### Still After 'Em.

The earnest members of the W.C.T.U. believe that dangers lurk in the soda fountain, after-theater supper and nicotine smoke as it floats about the street cars. After these three evils, therefore, they propose to go with the hostesses of ancient cruaders. The matters were discussed at a meeting and picnic held yesterday afternoon at Eastlake Park.

#### Larceny and Forgery.

Detectives Baker and Davis yesterday arrested Charles Rohrer for having in his possession a stolen wheel which he was trying to sell. For the certainty of making a sale he had fortified himself with a bill-of-sale "of the wheel," in which he called himself Raymond Wilson, and to which he had forged the name of a dealer as well as that of a witness. He will be charged with both grand larceny and forgery.

#### Students Return.

Dr. Carl Wagner, a young Angeleno recently studying at Heidelberg, Germany, entertained six of his friends from German universities at Ler's last night. All of them have been students for some time, and all of them are from Southern California, though Dr. Wagner is the only one from this city. Filkins of Heidelberg.

The preparatory and the juniors will act as ushers, and there will be two small flower girls to conduct the six students to the stage. These students are: Iva Reed, Isabel Moore, Irma Gibson, Mary McGowan, Henrietta Dobinson and Fredricka Delany, each of whom will contribute to the programme.

#### Teak Mer Life.

An inquest over the remains of Ida Grace Williams, the young woman who died of strychnine poisoning at No. 712 Maple avenue, was held by the Coroner yesterday morning at Pierce Bros., undertaking parlor. The result of the examination showed that Miss Williams was a sufferer from tuberculosis, and her death was attributed to strychnine taken with suicidal intent. The police were notified that W. H. Williams, the father of the girl, had also threatened self-destruction, and his actions were watched yesterday. Williams appeared frantic over the death of his daughter, but he made no attempt at suicide.

#### Shot Himself.

Al Larson, a Dane, of No. 212 North Alameda street, shot himself through the left shoulder early yesterday morning, either accidentally or with suicidal intent. Larson was taken to the Receiving Hospital, where an examination showed that a bullet had entered the shoulder, inflicting a painful though not necessary wound. He told the police that he had shot himself accidentally, but the landlady of his boarding place claimed that Larson attempted suicide on account of unrequited love. Blanche Cunningham, a woman of the half-world, with whom Larson had been living, is said to have been the cause of the shooting. Larson is now at the County Hospital. He will recover.

#### The Bull White Jury.

After a prolonged trial and arguments that strung out for over two days, the case of "Bull" White, charged with a dastardly assault upon Mrs. Kate Driggs in the foot of the Downey avenue bridge, was given to the jury shortly before noon yesterday, and at 10 o'clock last night the jury failed to return a verdict. At that hour Judge Trask ordered the jury locked up for the night, and at 10 o'clock this morning if no verdict has been reached the jury will doubtless be discharged and the case will be tried over again at a future date. The jury had no time to take a ballot before luncheon yesterday, but during the afternoon and up to 10 o'clock last night a number of ballots were taken without result. Although no official information was given out concerning the ballots it is said that a majority of the jurors favored conviction.
